

Schaumburg High School

Dear Parents/Guardian:

_____ has completed the Behind the Wheel phase of driver education with a grade of _____. This evaluation is based on their ability to use the I.P.D.E. process.

Effective September of 2003, the Illinois State Board of Education (ISBE) in cooperation with the Illinois Secretary of State has developed a new electronic process that has eliminated the need for the "blue slip" as proof of completion of Driver Education.

****You must check the ISBE website: www.isbe.net for approval to get their driver's license. Approval will NOT be sent in the mail.**

A student must pass the classroom, simulation, and the behind the wheel phases of Driver Education in order to be eligible for the Illinois Driver's license. The student's classroom grade is recorded on their report card.

To inquire about your students status to obtain their driver's license log onto:

- www.isbe.net
- click on the tab marked STUDENTS at the top of the page
- Under programs, click on DRIVER EDUCATION STUDENT LICENSE INQUIRE
- Type in the student's INSTRUCTION PERMIT # (no dashes)
- Click on SEARCH

You will receive one of 2 messages:

- APPROVED to get driver's license or NOT ELIGIBLE for their Driver's license

If you have any questions regarding their status contact your driving instructor. When you take your son/daughter to the Secretary of State Testing Facility for their driver's license, the following are required:

- Original or Certified Birth Certificate
- Instruction Permit and Receipt
- Social Security card
- High School I.D. or Library card (with name & address)
- Cooperative Driver Testing Program certificate, if the student qualified for and passed the test given by their high school instructor
- As a Parent or guardian you must provide them with proof (AFFIDAVIT) that they received at least 50 hours of practice driving time (10 of which must be NIGHT driving), with someone at least 21 years old.
- If you have any mental or physical condition which might interfere with your driving ability, you must furnish a physician's statement and a signed medical agreement.
