SCHOLARSHIP INFORMATION

How do I find scholarships?

There are three main sources for scholarships:

- Every university in the United States offers scholarships. Contact the schools to which you are applying for their own lists. These lists are usually only available from the universities.
- Screen yourself for over 150,000 scholarships. If you have Internet access, the address is www.fastweb.com; www.cappex.com; www.scholarships.com; www.meritaid.com
- Follow the links to "Scholarships." DO NOT pay anyone for scholarship lists. Check the "Scholarships" portion of our website for the newest information and for other scholarship searches.
- Use this listing of local scholarships for which we receive applications in the Student Services Office. See Mrs. Napier if you have questions.

What else do I need to know?

- A great source for financial aid information is the website sponsored by the Illinois Student Assistance Commission. The address is www.collegezone.com.
- This is only the tip of the scholarship iceberg. This is a listing of scholarships for which we receive applications at the high school.
- Don't pick up a scholarship application the day before the published deadline. Transcripts and recommendations require a minimum of five- (5) days' notice.
- Scholarships are listed by the month in which we received them.
- Financial need is considered for many, but not all, scholarships.
- Don't count on getting any one particular scholarship. Apply for several.
- We do not control these organizations. They may send the applications at different times or change the criteria. We will give you the telephone number of the contact person for that scholarship if your student asks for it.
- Check our website for news on scholarships, financial aid, and college searches. The address is www.shs.d211.org.
