ABOUT CPYD

Communities for Positive Youth Development (CPYD) is a collaboration of community partners who share the common goal of positive youth development, including a lifestyle that is free of alcohol, drugs, and other substances.

The coalition uses data and youth input to foster positive youth development, and to address those issues that are most prevalent to the communities.

CPYD'S MISSION

To organize, educate, and engage the community to prevent youth substance use and other harmful behaviors that influence positive youth development.
